**Bm**                      **D**  
When you heart's on the edge  
**A**                      **G**  
Barely hanging on like a midnight cigarette  
**Bm**                      **D**  
When the nights don't seem to end  
                                 **A**                      **G**  
And that lonely wind is singing you to sleep once again

**Bm**                      **A**                      **G**  
I won't make a promise I can't keep  
**Bm**                      **A**                      **G**  
Like a river flows to the ocean deep

**Bm**    **D**  
It goes on and on  
**A**                      **G**  
Bound to forever, even when we're gone  
**Bm**                      **D**  
It goes on and on  
**A**                      **G**  
We'll be together, at the rising of the dawn  
**Bm**  
It goes on

**Bm A G x2**
